

Catalog of Extant S Class Boats built by HMCo and G.S. Lawley & Sons

The Herreshoff Registry - <https://herreshoffregistry.org/>

Generated On: April 4, 2020

Catalog of Extant S Class Boats built by HMCo and G.S. Lawley & Sons

Herreshoff Manufacturing Company (HMCo) built over 1000 sailboats between 1883 and 1946, many of which are still in existence. This document contains a listing of each of 61 S Class boats which have been identified and documented as extant in the Herreshoff Registry (57 built by HMCo and 4 by George S. Lawley & Sons).

The purpose of this document is to permit quick review of the accuracy of current information.

The information presented is only in summary entry. For more complete information, refer to the Detail Page for each boat - the blue, underlined Hull Number is a live link.

The listing is presented in Hull Number order. HMCo S Class boats with unknown Hull Numbers appear towards the end with a *Herreshoff Registry ONLY* designation of Hull Numbers greater than 9000. Lawley built boats follow with a leading 'L' in their numbers.

Provenance documents by Ken Upham not yet linked are having credit and key to sources added and will be linked as complete.

Please see the final page of this document for the balance of HMCo S Class boats: an addendum provides links to catalogs for S Class boats with status: 'unknown'; status: 'not built'; and, status: 'found as', which are boats previously listed as 'no number' that have since been identified by a specific HMCo Hull#.

Any information you have that will help us make the registry more accurate and more complete is welcome. Please submit information either with the 'Submit Updates' form or by email. The links are below. Email is preferred if you are sending image(s).

Thank you!

Extant S Class Boats built by HMCo and G.S. Lawley & Sons

Addendum:

Links to additional catalogs below are offered to make the HMCo S Boat record more complete.

April 15, 2021: Please note the additional catalogs still need minor edits.

HMCo built 100 S Class boats. The 57 boats known to be extant, whether with known or unknown Hull Number, are listed in the main body of this document.

The following documents detail the balance of HMCo S Boats.

Boats previously listed as NO NUMBER that have since been identified are listed as FOUND_AS (2). These boats as well as those NOT BUILT are not counted in the total.

2019.03.25 - One S Class boat built by G.S. Lawley & Sons (L960 - thought to be 'destroyed') is not yet included in these documents. Provenance documents by Ken Upham not yet linked are having credit and key to sources added and will be linked as complete.

[UNKNOWN \(32 Boats\)](#)

[DESTROYED \(13 Boats\)](#)

[NOT BUILT & FOUND_AS \(5 Boats\)](#)
