

Catalog of HMCo Sailing Vessels

The Herreshoff Registry - <https://herreshoffregistry.org/>

Generated On: April 4, 2020

Catalog of HMCo Sailing Vessels

The Herreshoff Manufacturing built over 1000 sailboats between 1883 and 1946, many of which are still in existence. This document contains a listing of each vessel which we have identified and documented in the Herreshoff Registry.

The purpose of this document is permit quick review of the accuracy of current information.

The information presented is only a summary entry. For more complete information, refer to the Details page for each vessel: a live link is to the right of each Hull Number.

The listing is presented in Hull Number order. Boats with unknown Hull Numbers appear at the end with a *Herreshoff Registry ONLY* designation of Hull Numbers greater than 9000.

Any information you have that will help us make the registry more accurate and more complete is welcome. Please submit information either with the 'Submit Updates' form or by email. The links are below. Email is preferred if you are sending image(s).

Thank you!
